

Nurse's Corner:

Your School Nurse Can Now Prescribe!

Public Health prescriptions include:

1. Birth Control, an IUD or oral emergency contraception
2. STI (sexually transmitted infection) tests for individuals without symptoms.
Treatment for individuals with Chlamydia and/or Gonorrhea, as well as their partner(s).
3. Medication to help stop smoking, except varenicline and bupropion.
4. Treatment for lice.

Please see/call/email Heidi Pallett, your School Nurse, for any questions.
