March 16, 2020

Dear CVR Families, Students and Staff,

Our school community is experiencing a never-seen-before event. We understand that information is coming at you quickly and changing constantly. We thank you for your support as we manage the effects of the COVID-19 pandemic.

As you already know, our school is closed until March 27, 2020 inclusively.

We all have questions regarding the rest of the school year.

For now, the Minister of Education has stated the following:

- Teachers will not be expected to provide homework, or teach online
  - The province is simply not set up with an infrastructure to support this at the moment.
- These 10 days of lost instruction time will not have to be made up; the school year will not be extended at this point in time.

If you are a member of our Governing Board, we will be contacting you should we need to hold a meeting, and by what modalities. There could be consultations/decisions that need to be taken for planning to move forward.

For now, and to ensure that everyone gets the same message at the same time, the New Frontiers School Board will be managing communications.

We suggest:

- You follow NFSB on Facebook, and/or consult their website [www.nfsb.qc.ca](http://www.nfsb.qc.ca)
- You consult CVR at <https://www.facebook.com/cvrhighschool/> and/or [www.cvrhighschool.com](http://www.cvrhighschool.com) as we will align with the same content.

Sincerely,

Brigitte Barrette  
Principal
